

Volunteers Needed!

Do you have a few hours to give back to your community? Some volunteer needs only require a few hours each quarter, yet these hours are vital to carrying out the mission of the HPDL Community Association. To get involved, please see below for areas in which we are seeking the expertise we KNOW exists in our community:

Building Community Committee

Committee members are needed to help plan and organize events throughout the year such as Frost Fest, Picnic in the Park, and Halloween at Pearl Park. Committee members:

- Determine the games, attractions and activities featured at the events.
- Help obtain volunteers.
- Create and distribute event publicity.
- Obtain supplies and prizes.
- Set up and tear down on the day of the events.

Crime Prevention and Safety Committee

This committee is responsible for promoting and supporting block club development in the neighborhood and providing information and education to residents and business owners in order to promote personal and property safety. The committee currently meets on the 2nd Tuesday of the month at 6:30 pm. Committee members are also involved in planning and organizing a community meeting in March and providing information at other events throughout the year.

Family Fun Day at Hale School

HPDL Family Fun Day

Once again, come rain or shine the HPDL Business Community is sponsoring a Family Fun Day for HPDL residents. The event is held in partnership with the Hale/ Field Plant Sale and occurs on **Saturday, April 18** from 10:00 am to 1:00 pm at Hale School (1220 East 54th Street). Join us for a silly-great-fun-filled performance from the Splatter Sisters, free prizes, tasty food and fun giveaways! For more information, call 612-824-7707 or email office@hpdl.org.

Environment Committee

This committee combines environment, gardening and transportation activities previously handled by multiple committees. Some things committee members may do:

- Stay informed on traffic and airport issues affecting the HPDL neighborhoods.
- Attend community meetings related to transportation or environment issues.
- Help obtain gardening supplies and maintain community gardens.

Please contact the HPDL office at (612) 824-7707 or office@hpdl.org if you are interested in volunteering for any of these committees.

Pearl Park Celebrates its 40th Anniversary

by Liz Kraus

Pearl Park celebrated the 40th anniversary of the building on Friday, Feb. 27th.

A pictorial history of the site, the building and the activities that occur within it were highlighted with a photo gallery in the multipurpose room. People were surprised to see that a building at the center of the Hale-Page-Diamond Lake community was once a swamp!

The highlight of the evening was listening to the speakers (Stephen Holewa, Evan Reed, Adam Barrett, Mary Vollmar, Cooper Wells and Dick Saunders) who gave their account of what makes Pearl Park special to them and the community. In attendance, was Mrs. Pat Holewa, who was at the original dedication of the building. Her husband, Richard, was instrumental in the development of the plans for it. Jon Gurban, Superintendent of the Minneapolis Park and Recreation Board, gave a short address, wrapping up the program portion of the evening. The event was emceed by Rich Rummel, president of the Pearl Improvement and Recreation Council.

We celebrated with the cutting of the cake, and then a dance DJ'd by Total Entertainment.

Nokomis Healthy Seniors – Where we’ve been and where we’re going

Now in our 15th year, we reflect back on where we began. Nokomis Healthy Seniors (NHS) was initiated as part of a Medicare Federal Demonstration Project, entitled “The Healthy Seniors Project” in February 1994. One of four states involved with the project, Minnesota funded local Living at Home/Block Nurse Programs of which NHS was born. The basic premise of the project was “neighbor helping neighbor,” wherein a network of community and neighborhood volunteers help seniors remain living in their homes by providing basic supports. The primary component of the project was nurses who visited seniors in their homes to assist with medical case management.

Three years after inception NHS expanded its service. With the help of the Nokomis community neighborhood association, NHS was able to include services for neighborhood seniors who did not have Medicare coverage. Even after demonstration project dollars ended in 2000, NHS continued to find creative ways to continue and expand services to more seniors in the Nokomis neighborhoods.

In 2006, due to the change in location of the Nokomis Healthy Seniors office and the ‘Nurse Is In’ clinic, community seniors from the Bancroft and Corcoran neighborhoods approached Nokomis Healthy Seniors to request expansion of the NHS service area to these neighborhoods. Because of the absence of another Block Nurse Pro-

gram to serve these seniors, NHS expanded its service area to include Bancroft and Corcoran.

NHS has been working in the community for 15 years. Over the years, new and long-time members alike may have forgotten all that we do. **We would like to remind you of the services available to you right here in your own community!**

The mission of the Nokomis Healthy Seniors Program is to enhance the lives of our community’s elders by helping them continue to live independently in their own homes. Our services are tailored to each individual senior and may include:

- **Nursing Case Management:** Registered nurses provide one-to-one case management services as a collaborative partner in the care of clients. Nurses perform home visits to home-bound seniors and assist in the management of medical needs through the client’s primary physician.
- **Volunteer Services:** A thriving volunteer program has existed since the inception of the program. Volunteers provide direct help, reduce isolation and connect seniors to the community. Volunteer services include friendly visiting, transportation services and grocery shopping. Volunteers also provide little extras like unsticking a screen door or delivering a gift during the holiday season. The extensive volunteer program has always been a unique strength of the Nokomis Healthy Seniors Program.
- **Referral and Case Management:** Seniors call the NHS Senior Helpline to ask questions and receive information about services to help them maintain their independence. From the NHS Helpline, staff

can refer callers to community resources, NHS volunteer services and/or NHS nurse case management services (if applicable).

- **“Nurse Is In” Community Health Outreach Clinics:** The “Nurse Is In” drop-in clinic is open four hours, one day a week. It provides senior clients access to nursing staff for preventive, general healthcare checks (blood pressure, medical questions, foot care, etc.). NHS also operates monthly clinics at three locations in the community (please see the back pages of this newsletter for details). Besides serving as a partner in the health care of participants, the drop-in clinic has served as a key social outlet for many seniors in the community.
- **Health Education Programs:** Monthly health education programs are led by staff at a neighborhood church. Sessions are open to any member of the community and utilize guest speakers for health topics such as “Stretching your Prescription Dollar” and “Health Care Directives and Power of Attorney.” These are offered at two locations.
- **Exercise Class:** Weekly exercise classes are held on-site at Nokomis Healthy Seniors. The instructor is the Active Older Adults Coordinator with the South Minneapolis YMCA. The exercises in the class are tailored to each senior’s ability level.

Times and locations for the activities listed above are available on the back page of this newsletter and on our website: www.nokomishealthyseniors.org.

Pearl Park 40th from page 1

Thanks to our community partners who donated items or services to the event: Kowalski’s, Pepito’s, Pam Romain Photography and ParkPrint. Also, a very big thank you to the committee who contributed their time and talents to put this event together: Kevin Hurbanis, Sylvia Lotz, Judy McQuade, Linda Reed, Cindy Nelson, Joel Herrmann, Kate Achhamer, and the Pearl Park staff.

There are lots of great pictures posted on the bulletin board at Pearl Park. Stop by and see them soon!

Yes!

I want to help HPDL keep my neighborhood a great place to live.

From the Chair

By Melanie Countryman

As I write this, a late season snowstorm is headed toward the Twin Cities. I hope that when you read this, our long-awaited spring has arrived.

Recently, the HPDL Board made some revisions to our committee structure. Because of this, we are in need of volunteers to populate some new committees and to fill in vacant spots on existing committees. You will see an article in this newsletter describing these and other volunteer opportunities that are available. Please consider volunteering a few hours to help make this neighborhood a great place to live.

As I have reported in previous newsletters, the city of Minneapolis is developing a new program for neighborhood funding. The new Neighborhood and Community Relations Department that will manage the city's new neighborhood investment program has been created. The Neighborhood and Community Engagement Commission, which will oversee this work, is in the process of being formed. The commission will consist of 16 members: five residents appointed by the City Council, two residents appointed by the Mayor, one resident appointed by the Minneapolis Park and Recreation Board and the remaining eight residents elected by neighborhood organizations. The seven city-appointed members were seated in February. The neighborhood organizations began meeting in February to develop the election process for the eight elected members. This is taking longer than anticipated as neighborhood representatives are working hard to make sure all neighborhoods are fairly represented. A representative from the HPDL Board is participating in these meetings.

If you would like to find out more about this new program, go to <http://www.ci.mpls.mn.us/communications/communityengagement.asp>.

Seeking HPDL Contacts

The Hale, Page, Diamond Lake (HPDL) Community Association is looking for additional HPDL Contacts to help deliver *HPDL In the News* newsletters to our residents. HPDL Contact volunteers deliver over 3,000 newsletters to homes on their blocks five times each year. This saves our organization over \$3,500 in mailing costs! We currently have 104 blocks covered, but have 71 vacant blocks. Contact Rosie at the HPDL Office at 612-824-7707 or office@hpd.org if you live on or near one of the following blocks listed below and would like to volunteer.

Luverne Avenue

Hampshire Avenue

2nd Avenue Blocks:

5200, 5300, 5400, 6000

4th Avenue Blocks:

5300, 5400, 6000

Housing Fair Wrap Up

It was another successful year for the 15th annual South Minneapolis Housing & Home Improvement Fair. Nearly 100 vendors filled the South High School Commons on Saturday, March 28th, giving ideas and advice on everything from remodeling basements to stained glass windows.

This year's keynote seminar featured Star Tribune columnist John Ewoldt whose seminar, "25 Ways To Save More And Spend Less In 2009," shared money saving techniques for every area of a household.

New in 2009 was the "Ask the Experts" panel, where residents could obtain free advice on challenges specific to their homes. The two sessions featured expert advice on topics including home inspections, gardening and green living.

For those who were unable to attend, a full listing of participating vendors is available for review online at www.housingfair.org.

From City Hall

By Scott Benson
City Council Member, Ward 11

To My Friends and Neighbors in the Hale, Page, Diamond Lake Neighborhoods

Good news for bicycling enthusiasts. Minneapolis has received a \$400,000 “Southern Connection” grant which will be used for bike lanes and other striping to connect neighborhoods from 24th Street to the city limits near Lake Nokomis. Hennepin County is seeking additional grant funds to extend the route through Richfield and Bloomington to the old Cedar Avenue Bridge over the Minnesota River.

A possible route through Minneapolis is the Bloomington Avenue corridor although a preferred route has yet to be determined. Residents will be invited to informational meetings to weigh in on the proposed route.

This grant was made available through the Bike Walk Twin Cities Initiative. Managed by Transit for Livable Communities, Bike Walk Twin Cities is a federally-funded initiative to increase bicycling and walking –

Maire Foss

Scott Benson

and reduce driving-in Minneapolis and neighboring communities.

When completed the “Southern Connection” will be a wonderful addition to our city’s and your neighborhood’s bike trails.

Electronic Newsletter

I publish an electronic newsletter to keep you up to date on what is happening at City Hall. If you would like to receive this update, please e-mail me at scott.benson@ci.minneapolis.mn.us and put the words “E-mail Update” in the subject line.

Calling all Artisans!

A great opportunity has been made available to HPDL and nearby neighborhood residents and artists. For the second year, the Picnic in the Park event in July is offering free exhibitor space to artists. Over 2,000 people attend the picnic each year to celebrate the community and enjoy the fun attractions. Call or email the HPDL office at 612-824-7707 or office@hpd.org and ask for a registration form if you are interested in participating this year. All exhibitors who sign up for an arts booth must bring a door prize to be given away at the event.

Gardeners look forward to Spring.

Hale/Field Community Schools Plant Sale

Hale and Field Community Schools will hold their annual plant sale on **Saturday, May 9th** from **8:00am to 2:00pm** at **Hale School**, 1220 East 54th Street. We will be offering a wide variety of plants for sale including specialty annuals, perennials, grasses, and shrubs. Still need a gift for **Mother’s Day**? Besides bedding plants, we will also be selling hanging baskets, patio tubs, and garden accessories – any of which would be a fabulous choice for those special “moms” in your life! Profits from the plant sale benefit both schools. Shop local, shop for a good cause!

Mark your calendars now and spread the word to neighbors and friends about this great community event! Questions? Contact Jean Rissman, 612.703.5563, or jrissman@earthlink.net.

Pearl Park Sports:

Registration for Soccer, Volleyball and Football coming up in mid-July.

Watch for dates and further information soon!

The green of Spring brings an urge to plant a garden, a great big garden.

The Pearl Park garden has lots of room.

Bright sun produces colorful blooms at Pearl Park.

Meet Your Neighbor - Community Gardens

We are fortunate to have three community garden sites in our neighborhood which give our area a “cared about” feeling. Please consider helping with one of our gardens since they all require effort to stay looking pretty. You do not have to make a large commitment: even an hour or two would be appreciated by the regulars who tend to the gardens from May through October. The gardens have annuals and perennials, and some have shrubs and trees too. We need help with garden design, turning soil, planting, dividing plants, donating plants, watering, mulching, weeding, and raking.

The sites and their sponsors:

1. Pearl Park - Paul Thillen.
2. Minnehaha Parkway on Bloomington - Laurie Frevert.
3. Minnehaha and Park Avenue - Park Avenue Neighbors.

Make that call to help by contacting the HPDL Office at 824-7707. Thank you!

Hostas circle the Bloomington Ave garden.

The Park Avenue garden's triangle includes a footpath.

New MPD officer feedback tool offered online

The Minneapolis Police Department has created a new online form that makes it very easy for the public to share their feedback, positive or negative, on police officers and the work they do.

The department encourages the public to share information on notable efforts by officers, as well as complaints of potential misconduct. Having this information allows the MPD to more accurately assess officer performance and make necessary changes more quickly.

The web page allows people to submit compliments for officers or department units they believe have done exceptional work. Any compliments shared by the public will go to the Office of the Chief of Police. They will be placed in the officer's permanent personnel file and could even result in an award from the Chief. Police Chief Dolan is dedicated to commending his officers and reinforcing good police work, and this new tool helps make that possible.

It's also critical that the MPD hears about potential misconduct. In Minneapolis, complaints can go to either the Minneapolis Police Department's Internal Affairs Unit or the Minneapolis Civil Rights Civilian Police Review Authority. The online tool allows Web visitors to file complaints with either of those offices.

For more information on submitting a compliment or a complaint, visit <http://www.ci.minneapolis.mn.us/forms/mpd-citizen-report/>

HPDL Loans *from page 8*

erty for the duration of that time. Examples of accessibility improvements are: widening doorways, installing automatic door openers, lowering counters, or exterior modifications such as installing ramps and stair lifts.

For more information about these Programs, call the Greater Metropolitan Housing Corporation at (612) 722-7141.

Community Visioning Session for Diamond Lake Success

Close to sixty people turned out on a rainy spring night in late March to share their ideas about Diamond Lake. The visioning process was organized by Friends of Diamond Lake and facilitated by Minnesota Waters. After a media presentation about the lake and its history, participants posted their ideas for the lake, then broke into discussions centered on the areas of recreation, lake quality, aquatic vegetation, wildlife/habitat and 'other issues'.

The next step will be to prioritize the ideas presented as part of the management plan development. This will take place on Thursday, April 28, 7:00 pm at Pearl Park, as part of the Friends of Diamond Lake annual meeting, which is open to the public. The Friends of Diamond Lake boards thank all who participated, and look forward to working with the community to preserve and protect Diamond Lake and its watershed.

Friends of Diamond Lake visioning session

Community-Supported Agriculture (CSA)- Food 4 Thought

Food 4 Thought CSA is currently offering shares for the 2009 season. Community-Supported Agriculture is a way of connecting city residents to local farms and providing residents with locally grown, fresh produce.

Members receive a weekly box of organic fruits and vegetables for 18 weeks starting in June, delivered to your home or office. Each weekly box will include a newsletter which lists the crops included and recipes

on how to use some of them. In addition, they will be hosting events at the farms so members can meet the farmers and see where their food is being grown. This year they will be offering approximately 70 varieties of vegetables and fruits.

Please contact Tony at (612)483-8102 or tony@food4thoughtmn.com if you are interested in learning more or joining. You can also check out their website www.food4thoughtmn.com to learn more.

Neighbors Reclaiming Cedar Avenue

Cedar Avenue United (CAU), a group founded last Fall, is organizing supporters and volunteers to help rework and revitalize Cedar Avenue. Cedar has many issues, from excessive speeding and an overburdened traffic flow, to poor road and bridge conditions.

They are hoping to garner support and ideas from local businesses to help address their limited parking issues, and attract foot and bike traffic. They would like to develop "neighborhood identities" around the several business nodes that line Cedar, using simple visual cues such as banners, benches, landscaping and markers, to engage local residents and catch the attention of passing traffic – slowing it down.

CAU is looking for help from local residents, as well. The din of Cedar Avenue's traffic far surpasses airport noise levels on many blocks lining the avenue. Their goals are to make it easier and more pleasant to walk and bike along Cedar Avenue, to access the several parks that border it, and to safely cross between the east and west sides of the street.

The group is exploring ideas as simple as placing speed limit signs in areas at issue; stricter and more frequent enforcement of existing speed limits; and painting road lines identifying parking, crosswalks and turn lanes. More involved, long-term plans, such as creating protected parking areas, center medians and curb bump outs; replacing and improving pavements for multimodal transportation; and incorporating aspects of the Complete Streets model, are being explored as well.

Right now, CAU is developing their game plan to accomplish all this. They are looking for ideas and support from residents and business owners. Anyone who may be interested is welcome to their monthly meetings (Sibley Park, 1st Wednesdays of the month, 6:30 pm).

Their website is: www.cedaravenueunited.blogspot.com, and contains more information on their group and an ongoing dialog of their progress.

Free Wood Chip Distribution Sites

The Forestry Division of the Minneapolis Park & Recreation board makes woodchips available to the public. The closest site to HPDL residents is located on the north side of Lake Nokomis in a lakeside parking lot on Lake Nokomis Parkway, between 50th St. E and 22nd Ave. S. Because woodchips are generated on a seasonal basis there are occasions when a site will be empty; this is most likely to happen in May. For questions or comments, please call the Forestry Division at 612-370-4900.

Students from Spain Need Host Families: June 25 - July 26!

Have a new and exciting international experience this summer! Host a high school Spanish student for four weeks in your home. Learn about Spain and the Spanish culture while the student learns about living in an American family. Students participate in weekly cultural activities and excursions. A wonderful experience for families with children of all ages! Contact Amy Ellingson at 612-741-0210 or ellingson.amy@gmail.com

HPDL Needs You!

HPDL was founded in 1991. It is bound by 35W, 62nd Street, Cedar Avenue, and Minnehaha Creek. HPDL serves as a forum/clearinghouse for ideas; provides a meeting place to air grievances, define concerns and develop solutions; provides opportunities to work with other organizations across the city; serves as a conduit between residents and government; and helps us to celebrate our neighborhoods and their own special uniqueness within our diverse city.

Three HPDL Loan Programs

Low-Interest Revolving Loan

HPDL offers very low interest loans – at 3% – for both single family and owners of multiple unit properties in the neighborhood. Participants’ income cannot exceed 150% of the area median income. Eligible improvements include corrections of housing code violations, energy efficiency improvements, sound insulation improvements, and improvement of the physical condition of the property to enhance livability. Recreational or luxury improvements are not eligible. The term of the loans is 5 years and can range from \$500 – 5,000.

Emergency Deferred Loan

What happens to low-income folks whose furnace dies in the middle of winter or whose roof is leaking? This program hopes to address such problems. If the house may be uninhabitable, extremely dangerous or capable of causing severe health problems, and if the resident’s income does not exceed 50% of the area median income, then

this program may be able to help. Loans are forgivable if resident stays in home for five years. Maximum loan size is \$5,000.

Accessibility Deferred Loan

Residents with a long-term disability and who lack the resources to make accessibility improvements to their homes may apply for this forgivable loan program. Income limit is 110% of the area median income and the minimum loan size is \$2,000. The maximum loan is \$7,500, but if the resident’s disability was incurred while in the United States Armed Forces, that resident may apply for a loan up to \$15,000. Many state and county programs may apply for home accessibility improvements, so residents are encouraged to pursue these sources first or in conjunction with an HPDL loan. Loans are forgivable after 7 years if the resident retains ownership of the prop-
